

## **Buckle Up a Child Of Compton**

The Buckle Up Baby Foundation results of the “Buckle Up a Child of Compton Campaign for 2009.” The Buckle Up Baby Foundation has awarded 192 children’s car seats to area families in need. These children may not have had a car seat due to financial concerns are being transported safely thanks to the support the Buckle Up Baby Foundation has received.

Our foundation networks with the Salvation Army, Shields for Families, Head Start Program, local schools and churches. We also have raised public awareness through education of car seat safety for children.

We are proud of our time spent in Compton. We will continue with our mission of providing car seats to as many needy families as funding will permit.

Please call (310) 801-4818 for more information or visit our website at [www.buckleupbabyfoundation.org](http://www.buckleupbabyfoundation.org). Your considered support is greatly appreciated and there is no better investment in our future than our children. Take time to buckle up our babies.

Sincerely,

Mary Schaible

President
